GENERAL INFORMATION

The Daryl Hall Scholarship Funds have been raised over the years in memory of Daryl Hall, former Chief Maintenance Mechanic at the Trinity River Authority Central Regional Wastewater System. Daryl passed away in 2003 after a hard fought battle with cancer. These funds have been developed over several years through the efforts of the Hall family, NTS WEAT Officers and volunteers of the organization with annual golf tournaments and various other fund raisers. Separate funds have been raised to support Daryl's family and to provide educational assistance to his children. The Hall Family and WEAT-NTS have further established the Daryl Hall Scholarship Fund for the working men and woman involved in operations, maintenance and laboratory work for the North Texas utilities and their children.

Scholarship assistance is paid to recipients in one installment. Re-application to the Daryl Hall Scholarship is required for fall or spring semesters.

SCHOLARSHIP CRITERIA

The Scholarship Committee will use the following criteria in the selection of scholarship recipients:

- Preference shall be given to those recipients pursuing a 2-year college degree program.
- Preference may be given to degree programs or technical courses in fields directly relative to water and wastewater treatment.
- Preference shall be given to those that maintain a high grade point average.
- Preference may be given to those recipients who have demonstrated special accomplishments or achievements.
- Preference may be given to those recipients who have demonstrated active participation in community service activities.

Submit an application to WEAT-NTS for receipt not later than 5:00 p.m. on June 24, 2011. This is necessary to allow time for proper review and presentation of the award prior to the start of the fall collegiate semester.
